

LENOX SAFETY & WELLNESS TASK FORCE

December 14, 2011

MISSION

The mission of the Lenox Safety & Wellness Task Force is to discuss, process, review, create, and recommend facility and program initiatives for safety and wellness in the Lenox Public Schools. The Task Force will be a recommending body to the Administration and School Committee. The diverse blend of Task Force membership will be representative of the Lenox Public Schools and the Lenox community.

CHARGE

Members of the Lenox Safety & Wellness Task Force will serve and function as an advisory body. The Committee will have autonomy to make all recommendations for facility safety, student safety, and staff safety. Additionally, the Task Force will have autonomy to make all recommendations for student and staff wellness in the Lenox Public Schools.

It is important that the Lenox Safety & Wellness Task Force speak with one voice with the culminating final set of recommendations. Members should be able to advocate interests as well as participate in consensus-making with the full Task Force. Once the final recommendations are completed, the Task Force may continue to serve as an advisory body to the School Committee and Superintendent.

Please make every effort to attend all meetings. Meetings will start in December and will continue throughout the spring of 2012. Group discussions by Task Force members and the expression of multiple views on the issues of school safety and school wellness are essential to this Task Force. On behalf of the School Committee and Superintendent, we thank you for accepting this very important assignment.
